

Endurance that stands the test of time

For high endurance applications

Memory Cards | High Endurance microSDXC 350V

Aimed at the dashcam, security camera, and surveillance system markets, Transcend's High Endurance microSDXC 350V memory cards are designed to meet the demands of write-intensive applications. To ensure the utmost level of reliability, the High Endurance microSDXC 350V memory cards undergo extensive testing under harsh conditions to be verified waterproof, temperature resistant, static proof, X-ray proof, and shock resistant.

Stability and reliability you can trust

Built for extremes

- Designed for dashcams, security cameras, and surveillance systems
- Up to 128GB capacity for storing flawless Full HD video recordings
- Protection against extreme conditions
- Exceptional reliability and long-life data retention

Ordering Information

TS64GUSD350V 64GB
TS128GUSD350V 128GB

Dimensions	11mm x 15mm x 1mm (0.43" x 0.59" x 0.04")
Weight	0.4g (0.01 oz)
Capacity	64GB~128GB
Maximum performance	Read 100MB/s, write 45MB/s
Maximum endurance	64GB: 85 TB, 128GB: 170 TB
Supported device	Dashcams, IP cameras, home security cameras

Speed may vary due to host hardware, software, usage, and storage capacity.
