

DEEBOT X12 OmniCyclone

FocusJet on Stain, Roll Out a Deep Clean

FocusJet Stain Pre-Dissolving Technology

Pre-Dissolve, Making All Stains Easy to Solve:

FocusJet Stain Pre-Dissolving Technology, featuring dual high-pressure atomizing nozzles, pre-sprays diluted cleaning solution onto stubborn stains, fully saturating and softening them for effortless removal. Paired with OZMO ROLLER 3.0's ultra-high pressure and rolling speed, extended roller, and pressurized self-washing, even overnight coffee, soy sauce, juice, or ketchup stains can vanish in a single run.

DEEBOT X12 OmniCyclone is able to identify and target stains automatically, and also supports designated zone cleaning with a pre-dissolving process or a deep kitchen cleaning with FocusJet under AGENT YIKO's hosting. Jet with pressure. Dissolve in seconds — FocusJet offers one seamless sequence that solves all difficult stains.

OZMO ROLLER 3.0 with TruEdge

Power the Wash. Accelerate the Clean:

OZMO ROLLER 3.0 Instant Self-Washing Mopping is now 50% longer at 27 cm, offering wider, more efficient coverage. Powered by a high-performance air pump, its pressurized self-washing system releases energetic water pulses through 32-way precision nozzles. During operation, the mop spins at up to 220 RPM to maintain consistent cleanliness and prevent streaks or secondary contamination. Combined with strong downward pressure, it delivers a deep, even clean that dries quickly—keeping your floors spotless with zero effort.

The upgraded TruEdge 3.0 Extreme Edge Cleaning technology with new air-felt protection allows DEEBOT to glide and clean along baseboards like a whisper while safeguarding your furniture from scratches.

PowerBoost Charging Plus

3-minute Supercharging. Unleash Unlimited Performance:

Uncompromising cleanliness begins with unlimited power. DEEBOT X12 Family's revolutionary PowerBoost Technology Plus transforms your cleaning experience through ultra-fast energy boosts and non-stop cleaning freedom. Significantly refined on DEEBOT X12, it now seamlessly restores up to 13% battery in a typical 3-minute mop washing cycle.

With PowerBoost Charging Plus, DEEBOT X12 OmniCyclone can tackle up to 5,000 m² in a single, uninterrupted session under all-default settings, and is able to achieve a perpetual runtime even at strong suction power and deep cleaning mode with the support of adaptive charging. For a typical 170 m² area, cleaning efficiency increases by up to 90%.

ZeroTangle 4.0 Empowered by BLAST

BLAST Away the Tangle. Clear Off the Clutter:

The all-new Airflow-Directed Anti-Tangle Main Brush redefines cleaning with its Airflow-Directed Anti-Tangle System, featuring exclusive lateral airflow channel empowered by BLAST, the powerful large-airflow suction technology that unleashes 22L/s airflow, to efficiently draw in dust and capture every strand of hair—smoothly and completely tangle-free.

Supported by a reinforced, wide-span dual-bearing structure, it delivers stable, quiet, yet powerful scrubbing performance for a cleaner, more effortless experience.

TruePass Adaptive 4-Wheel-Drive Climbing System

Access All Areas Seamlessly:

The TruePass Adaptive 4-Wheel-Drive Climbing System adopts an innovative mechanical climbing system to guarantee a reliable crossing over most household thresholds. When facing impassable obstacles, the robot instantly deploys two auxiliary levering wheels. Their soft rubber gripping teeth can firmly latch onto surfaces—dramatically boosting climbing ability to handle a single stage up to 2.4cm height and continuous stages up to 4cm height.

Unlike vision-based systems, this purely mechanical mechanism activates immediately upon contact, ensuring flawless, on-time engagement and eliminating missed or failed climbing attempts for truly seamless cleaning.

DEEBOT X12 OmniCyclone

Key Technologies

Cleanliness

- FocusJet Stain Spray System with two high-pressure nozzles and an infrared stain detector
- OZMO ROLLER 3.0 - Longer Mop Roller with Pressurized Self-Washing +15 mm Mop lifting
- TruEdge 3.0 Extreme Edge Cleaning
- BLAST + 22000 Pa + ZeroTangle 4.0 Airflow-Directed Anti-Tangle Technology
- Fresh Flow Power Washing + Dirty Water Auto Cleaning

Intelligence

- Upgraded AGENT YIKO – Pet Care and AI Scheduled Cleaning Mode

Mobility

- TruePass Adaptive 4WD Climbing System
- AIVI 3D 4.0 – Approach or Distance Strategy

Convenience

- OmniCyclone Station
- Dual Cleaning Solutions
- PowerBoost Charging Plus
- PureCyclone 2.0 - Longer maintenance cycles with fast, hands-free emptying
- Mobile App with Easy Mode

Specification

DEEBOT X12 OMNICYCLONE EU

Battery	Li-Ion, 4000 mAh Super Boost Battery
SRP	1399€
Charging Time	2h 25min
Dimension with product packaging	45.7 * 39.3 * 62.5 cm
Dimension of Robot	35.3 * 35.1 *9.8 cm
Dimension of Station	38 * 49.3 *46.5 cm
Dust Bag (Station)	1.6
Dust Container	250 ml
Navigation Type	dToF
Noise level Robot (vacuum & mop)	61.1
Obstacle Avoidance	AIVI 3D 4.0: Structured light, RGB AI+Supplementary Light
Runtime (Vacuum & Mop) Standard suction	497 min
Suction Power	22000Pa, 22L/s
Watertank size – Station	3.5(clean)/2,7(dirty)
Watertank size – Robot	110ml
Working voltage (V) Robot	17.8V
Rated Power (W) Robot	110W
Weight Net Kg	16.5
Weight with product packaging kg	20.7
EAN	6970135039623

What is in the box?

Robot (pcs)	1
OMNI Cyclone Station	1
Power cord (pcs)	1
User Manual (pcs)	1
Quick guide (pcs)	1
Replaceable roller mop (pcs)	1
Side brush (pcs)	1
Dust Bin double layer cotton (pcs)	1
Main brush & Main Brush Cover (pcs)	1
Antibacterial Filter (pcs)	1
Clean water tank (pcs)	1
Dirty water tank (pcs)	1
Auxiliary compartment auto-fill module (pcs)	1
Deebot Normal Cleaning Solution (260ml)	1
Deebot Heavy Duty Cleaning Solution (260ml)	1
