PANORAMIC 270° VIEW

Show off your build like never before with a 270-degree panoramic view. The front and side tempered glass panels provide a clear, seamless look at your system's components, enhanced with a convenient latch design for easy access and extra protection.
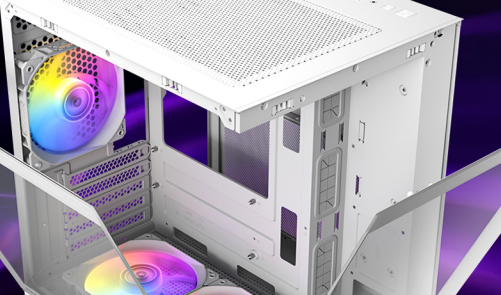

DUAL CHAMBER

Dual chamber design ensures independent cooling for CPU/GPU on the left and PSU / Drives on the right.

VERTICAL COOLING WITH MASSIVE AIR INTAKE

Bottom-up vertical airflow via mesh on lower front, lower left, and right side accelerates the heat dissipation.

TOOL-FREE PANELS

Front and side panel adopt fixing stud design, which makes assembly and disassembly easier and helps avoid possible glass breakage.
