

Performance C Series

Intel CPU Cooler I402

With the I402 Intel cooler which is part of the Performance C Series, XILENCE presents a compact but very high-capacity cooler for powerful multi-core processors. The small cooler appears in classic tower design and convince with its extremely efficient heat pipes and the fin design arrangement. This design ensures that the air circulates more easily through the innumerable fins. Thus the fan speed of the 92mm PWM fan can be kept very low. Additionally, the heat transmission between CPU and cooler is very evenly and efficient due to the direct contact of heat pipes and CPU.

Product Features

- Silent hydro bearing 92mm fan
- Two 6mm copper heat pipes for better air flow
- Fin Design for high airflow and efficient cooling of the CPU and surrounding components
- Slight overhang of the fan avoids hotspots
- Possible mounting of the fan on both sides of the heat sink
- Suitable for all current LGA 115x & 1700, 1200 INTEL sockets

Technical Data

Sockets LGA 1150/1151/1155/1156/1700/1200

CPU max. Watt 130W

Fan Size 92 x 92 x 25mm

Fan Speed $800 - 2000 \pm 10\% \text{ RPM}$

Air Flow 65.4 CFM Fan Control PWM

Noise Level 14.0 - 23.8 dB (A)

Thermal Paste included

Dimensions (H/W/D) $130 \times 93 \times 75$ mm

Weight 335g

Logistical Data

Manufacturer Number I402 Item Number XC026

EAN Barcode 4044953500282
