

ROLINE Colocation Cabinet 47U 800x1000mm, 3 compartments, gray

Product No.	26.21.0349
Manufacturer	ROLINE
Manufacturer No.	26.21.0349
EAN (single piece)	7630049603714

ROLINE 19-inch colocation server cabinet with separate lockable compartments, high load capacity, perforated doors and professional cable management.

The high-quality ROLINE 19" colocation cabinet combines maximum stability, optimal air circulation, and professional cable management in a modular system. The front and rear doors, which are 80% perforated, enable efficient cooling and make the cabinet ideal for hot/cold aisle applications.

With a static load capacity of up to 1,500 kg and a dynamic load capacity of 1,400 kg, it offers reliable safety even for demanding server and network installations. Depth-adjustable 19" mounting profiles ensure maximum flexibility during installation.

Comprehensive solutions for cable management, PDU mounting, airflow, and grounding enable a clean and professional infrastructure. Thanks to variants with 2 or 3 compartments, cable entry points, and protected cable channels, the cabinet can be customized to meet a variety of requirements.

Available in RAL 7035 Light Gray and RAL 9005 Black, the server cabinet impresses not only with its technical features but also with its modern and professional design.
