**Product No.** 11.99.8321  
**Manufacturer** VALUE  
**Manufacturer No.** 11.99.8321  
**EAN (single piece)** 7611990172429

Made for  
iPhone iPad iPod

- Lightning (=8pin) is a proprietary computer bus and power connector created by Apple Inc. to replace its previous proprietary 30-pin dock connector, intended to connect mobile devices like iPhones to host computers.
- Using 8 pins instead of 30, Lightning is significantly more compact than the 30-pin dock connector and can be inserted with either side facing up
- For the connection of devices like the iPhone on from the iPhone 5 that introduced the 8pin-connector, as well as for iPods and iPads on from that generation
- This product is only made for devices with 8pin connector! It is NOT compatible with cables and peripherals designed for its predecessor, unless used with an adapter.
- High quality USB cable with one Type A (male) and one 8pin connector
- Improved shielding
- Meets standard USB 2.0 (transfer rate up to 480 Mbit/s)
- Colour: black

**MFi certified for connection to iPhone, iPad and iPod.**

Technical specifications	
Manufacturer	VALUE
Product group	Cable
Product type	Lightning cable

Colour	black
Length	1 m
Transfer quality	USB 2.0 Hi-Speed 480 Mbit/s
Connection ports	USB 2.0 Type A Male / Lightning (8pin) Male
Side 1 Connector Type	USB 2.0 Type A
Side 1 Connector Gender	Male
Side 2 Connector Type	Lightning (8pin)
Side 2 Connector Gender	Male
Maximum data transfer rate	480 Mbit/s
Weight	28.9 g
Height of packaging (single piece)	5 mm
Width of packaging (single piece)	150 mm
Depth of packaging (single piece)	220 mm
Package weight (single piece)	0.02 kg
